

We envision a county where a network of trails adds to recreational opportunities, improves general health conditions, and enhances the quality of life for every individual and family.

***KC Trails advocates for, promotes and communicates trails and outdoor activities for running, walking, biking and paddling in a safe environment throughout Kershaw County.***

***Promote local trails***

***Advocate for new trails***

***Safety for all***

## **Nature's Multiplier**

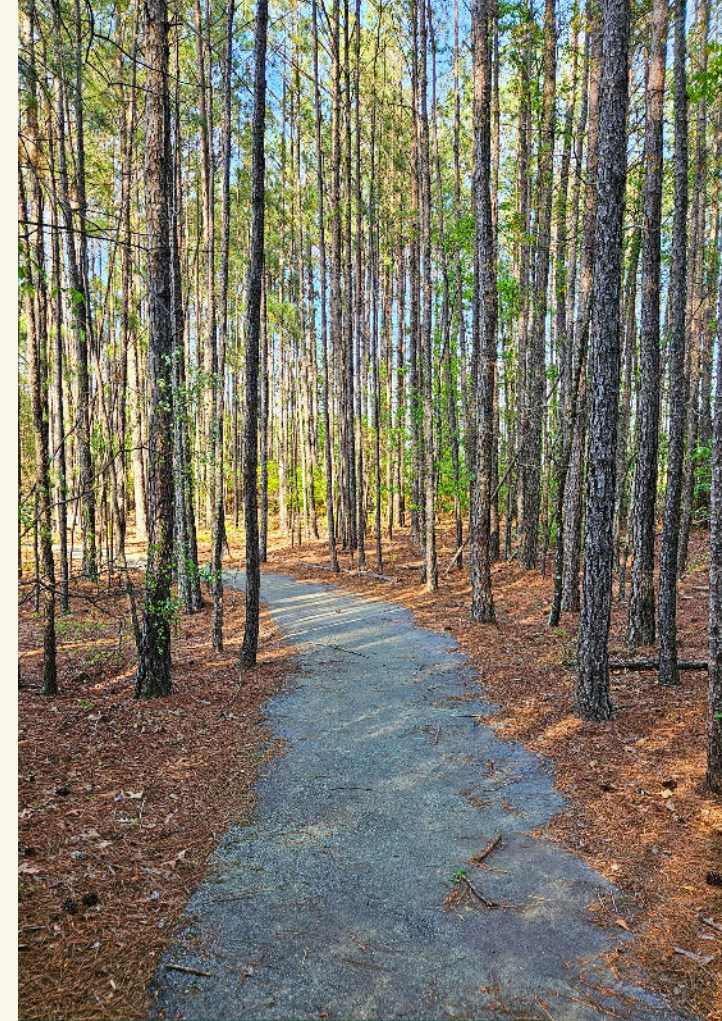

While exercise improves both physical and mental health, research shows “green exercise” has an additive impact and benefit on brain function. Exercise outside and rejuvenate your mind and spirit!

## **ROAD SAFETY**

Road safety is a major concern of the public as we pursue outdoor exercise. Runners, walkers, and cyclists find Kershaw County roadways to be very dangerous. KC Trails advocates continuous improvements to our roadways and promotes road safety education for drivers and cyclists.
